EGGS SEVEN CENTS EACH IN LONDON

(By Wilbur S. Forrest, United Press Staff Correspondent.)

London, May 10.—Give the hen a chance.

With eggs at seven cents each, Mrs. Lionel Guest, daughter of the late John Bigelow, American ambassador to Paris, is urging a plan here today to turn London's public parks into poultry farms.

An enthusiast on poultry breeding, Mrs. Guest, has started a crusade to give the hen a chance. She is telling the authorities that every public park should have its chicken farm with a woman expert in charge to show the public how to get the best out of biddy.

Green park and St. James' park, near Buckingham palace; Hyde park and other expanses of public green-sward have been selected by the American woman as the best locations upon which to try the poultry experiments.

Mrs. Guest declares she has proved her theories by successful poultry farming in Canada and emphasizes that British hens are equal to the task of providing sufficient eggs if enough people would become interested in hen culture.

She has expressed her willingness to keep poultry within the yards of her own house near the fashionable Marble Arch district, police regulations permitting.

GIVE GARDEN PARTY AT WHITE HOUSE

Washington, May 26.—The beautiful lawn of the White House today was the scene of a garden party tendered by President and Mrs. Wilson to several hundred distinguished guests, as the final formal function of the social season of 1915-1916 at the executive mansion.

It was a brilliant social affair, marked by the presence of the leading society women of the nation as guests of the president and first lady of the land.

Justices of the supreme court and their wives, leading members of congress and army and navy officers attended. The marine band played during the afternoon.

BANQUET IS POSTPONED TO TUESDAY

The Men's Dinner Club banquet is unavoidably postponed from Thursday next as announced till next Tuesday evening, the 30th of May, at 8 p. m., at the Early hotel. Messrs. Birchfield & Remier, new owners of the Early, offer a banquet menu that promises to excel any heretofore provided for the club. The seating capacity will be 120 persons. As 99 were served in April it is expected that the entire 120 plates will be reserved early, so members are requested to reserve plates for themselves and any friends whom they may wish to entertain as guests, before Monday next. It is essential that members who order plates be present; send a substitute if absence is necessary, or pay part of the cost, as though present. This is the most essential feature of these banquets, and if the club is to continue without regular monthly dues, each member must operate in this respect. No requirement is made for attendance but after a plate is reserved by the

committee it is expected that someone will appear to occupy the place or pay the price. This statement is made because last month seventeen reservations were made, which were not occupied, and only two of this seventeen sent the \$50, and if it had not been for extra visitors who came in at the last hour, the committee would have been burdened by having to pay for the folks who promised to come and did not, and who failed to pay. It is hoped that the plan as originally made can be carried out so that folks who want to attend pay for what they get, and no pay if not in attendance; this may be carried out if those attend or pay who order plates.

The banquet will be on the evening of Decoration Day, and proper decorations will be carried out, and proper music provided, if possible.

Remember, a good time is promised, a real banquet, only 120 can be accommodated, and members come first, if they reserve first; starting on the minute of 8 p. m., to be through by 10 p. m.; no long, but pithy and witty, and even very logical and eloquent speeches, and lots of fun and jokes. If an earlier hour could have been arranged it would have been, but it is impossible this time. Hold your appetite till 8 p. m. and you will not regret the denial of usual early dinner. The Arrangement Committee, by D. H. Roche, Chairman.

Good Furniture Polish.
Mix equal parts of boiled linseed oil, turpentine and vinegar in a bottle. Shake well each time before using. Apply with a woolen cloth, then polish with a dry cloth. This makes a mark and scratches disappear and furniture look like new. It is very inexpensive and is better than the best furniture polish on the market.
